

# CORPORATE STATEMENT

Metro Paper Industries Tissue Group is one of North America's leading vertically integrated manufacturers of recycled paper products servicing the foodservice, janitorial, away from home and retail markets. Supplying a wide range of disposable paper products that includes table napkins, towels, tissue, lunch bags and placemats. A true market leader in the foodservice market. The MPI group is one of the premier privately held paper manufacturers and one of only a few offering such a broad range of products.

Founded in 1975 with a small bag machine in a 5,000 square foot factory located in Toronto, Canada. Today, MPI Tissue Group is proud to have become a leading manufacturer in the paper industry. Head offices are located in Toronto, Ontario. Utilizing 600,000 square feet of manufacturing and distribution we have strategically placed production facilities in New York, Quebec and Ontario producing 45,000 short tons of paper production and over 7,000,000 cases per year in converting capacity.

MPI is well positioned in the market place to expand within existing distribution and penetrate new distribution channels. Continually updating existing equipment and adding new state of the art converting lines will supplement current production capacity, helping MPI produce and deliver high demand products at peak times without extending lead times for delivery. With the acquisition of our paper mill early in the new millennium we have fulfilled one of our core values, quality & consistency in our Napkin & Tissue categories. New products are quickly following, expanding our product offering to continue our foray into new market segments, strengthening our position with our customer base.

At MPI, we live by a code of ethics which allow us: to remain loyal to our vendors; produce a consistent product and service for our customers; provide a safe & healthy environment for our employees; leave behind a safe & clean environment for our children with our commitment to recycling; and encourages a sense of giving back to the communities in which we work and live.

**Our Paper Mill has successfully complied with and become EcoLogo and SFI certified.**

At MPI we aspire to be the best privately held paper company in North America, with a clear mission to exceed our customer's expectations by providing personalized customer care; timely and complete deliveries; consistent product & pricing; and a hassle-free order process. We cannot succeed without understanding and responding to the needs of our customers. We truly want to be and expect to be your primary supplier in our category. To learn about our new products or for further information about MPI Tissue Group, please do not hesitate to contact our customer care representatives at:

- ★ U.S. Distributor Customer Care (416) 757-2737 or (800) 325-4758 extension 237
